Printed on Finch Premium Blend which contains a minimum of 30% post-consumer recovered fiber.

LIM is designed to be a multi-purpose, multi-task LED lighting family. This is the most flexible and comprehensive LED lighting solution within one platform in the market today. Its simple elemental structure can be reconfigured and applied to address multiple lighting requirements offering light in motion within various applications. With an award-winning repertoire including iF Product Design, FX International Interior Design, Best of NeoCon Silver, and Interior Design Best of Year Winner, LIM blends form and function brilliantly.

C Undersurface Mount / Grommet Mount

- Textured White, Textured Black, and Brushed Aluminum
- Includes 11" mount bracket, 22" arm

LIM

LIM's minimal design uses materials which have 29% recycled content, combined with a universal LED strip, offering supreme sustainable advantages. The LED lights are 85% more efficient than incandescent lights and have a lifespan of up to 50,000 hours. In addition, the aluminum arm light and several attachment options offer a range of 95% to 98% recyclability.

Ralph Reddig
Haworth Design Studio
2009

"I think each project is an opportunity to combine the proven with the new – to change perspectives when needed – to seek to understand what people need, discovering how they learn, work, and create meaning." Ralph Reddig holds an Industrial Design degree from Kendall College and has studied at Parsons/ The New School for Social Research. He is currently a Senior Industrial Designer at Haworth. Throughout his extensive industrial design career, he has served as a Senior Industrial Designer in the Advanced Concepts Group at Kohler and has independently developed conceptual lighting products.

Pablo Pardo
Pablo Designs

The interpretation of light in its many forms, refined design solutions, and a distinctive timeless style; these are the underlying elements of Pablo's design mission.

At the forefront of American lighting design, Pablo's designs exemplify an uncompromising devotion to simplicity and usefulness, fusing the highest technical sensibilities with the most appropriate material pallet to create unique and precious designs that transform any environment.

Pablo Designs has gained international recognition for its innovative lighting and home furnishings designs, which are characterized by a unique sense of style and simplicity.
