Plume

Screens

PRODUCT INFORMATION SHEET

HAWORTH®

Brought to life by Patricia Urquiola and Haworth, Openest lounge furnishings bridge the unexpected and familiar—bringing a distinctly new perspective to the work landscape.

Plume screens present tremendous flexibility for designing collaborative spaces. These freestanding space dividers soften space and diffuse sound to encourage easygoing interaction.

The rich color palette and easy curves of the screens complement other elements in the Openest collection, or can be used on their own to carve out informal niches. Three applications suit a wide variety of spaces.
